A CDMA RECEIVER)	

REQUEST TO CORRECT NOTICE OF ALLOWABILITY

Mail Stop ISSUE FEE
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Upon reviewing the Notice of Allowability mailed on June 16, 2008, Applicant's representative has noted several errors that should be corrected. They are:

- The first named inventor's first name has been misspelled. In particular, the name "Roozbeth Atarius" should be corrected to read --Roozbeh Atarius-- (i.e., the letter "h" should be removed from the first name). This is a Patent Office error, since the name was correctly spelled on the executed Declaration filed on January 22, 2001.
- The title of the invention should be corrected to read --Method and Apparatus for Automatic Frequency Control in a CDMA Receiver-- (i.e., the word "CMDA" should be corrected to read --CDMA--). This is a Patent Office error, since the title appears correctly both in the originally filed application text, as well as in the executed Declaration filed on January 22, 2001.

Accordingly, it is respectfully requested that the Office issue a paper acknowledging that the indicated corrections will be made prior to issuance of the patent. Any questions concerning this matter may be addressed to the undersigned attorney, at the telephone number indicated below.

Respectfully submitted,
Potomac Patent Group PLLC

Date: August 29, 2008
